First Grade

In first grade, we have been learning that there are different versions of Cinderella all over the world. They may not be called Cinderella, but they all have a similar happy ending. The new reading program has been a challenge, but it has stretched us to grow and become better readers. We are also learning about the history of Thanksgiving and the difference between wants and needs.

In first grade, we made butter and had a Thanksgiving feast. We are becoming great mathematicians! We can count to 100, add and subtract using various strategies, and we are now moving into place value.

Principal's Message

Gratitude is the act of recognizing and acknowledging the good things that happen, resulting in a state of appreciation. Our collective success as a school community is a result of your outstanding teamwork and collaboration. Thank you staff, students, parents and community.
