## Kindergarten

In Kindergarten, we have been working hard to learn decoding skills and adding/subtracting within 20. We are working hard to write simple paragraphs with a picture. We also celebrated 100 days in school. Other fun things are: we have been going to the gym to play games like Seaweed tag and using the parachute, we've been exploring SORA on the iPads, and working so very hard to pass off levels on Lexia and Happy Numbers. This spring we are looking forward to our community helpers unit where we will be busy learning about occupations and jobs in our community and how they help us out.

## Principal's Message

"You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose. You're on your own. And you know what you know. And YOU are the one who'll decide where to go..."

— **Dr. Seuss, Oh, the Places You'll Go!**

I love this quote. The possibilities are endless. It is up to you, Falcons!
